V.W T6.1 Portrush

The Original Campervan Converter

Description

The Portrush is a premium short wheelbase campervan built on the Volkswagen T6.1 Highline with a 110ps manual engine. Fully type approved to European Whole Vehicle standards. Inside, durable cabinetry with tambour lockers and a cutlery drawer maximises space. A twin gas hob, sink, underslung LPG tank, compressor and fridge cover your everyday needs. Comfort is assured with a gas heater, LED lighting, and convenient USB and 240v charge points. A folding rib bed, and pop-top ensure added safety and style.
